Surface Repair Warranty:

Armoured Touch Inc. has a high standard of quality in workmanship and materials used on every project. ***We offer a 1 year warranty that covers the workmanship of the job.***

Workmanship covers any peeling, blistering or poor adhesion to the bathtub due to craftsmanship. We also guarantee that the bathtubs surface will not yellow due to UV and hard water with proper cleaning and maintenance.

It is our objective to repair damages permanently. We believe that getting to the root of the problem is key in order to deliver a long lasting end result. Your surfaces will be both cosmetically renewed, and structurally sound, so it will not crack again.

Caring for your repaired acrylic/fiberglass/vikrell/steel enamel surface:
DO NOT use the repaired surface for 10 hours. The suggested time of ten hours will allow the repair to cure to the point that it can be used.

Like any product of lasting quality, products installed / refinished by Armoured Touch products and accessories require a certain amount of upkeep to preserve their finish. Clean your new surfaces with a mild soap, rinse thoroughly with warm water, and dry with a clean, soft cloth. Never use cleaning products containing abrasive agents, ammonia, bleach, acid, wax, alcohol, or solvents. Failure to comply with these maintenance instructions may invalidate the Armoured Touch warranty

Please keep this warranty and your invoice together. In order to do warranty repairs we require your invoice number. This limited warranty applies only to the original purchaser and installation of these products. In the event of a claim, proof of purchase will be required – save sales receipts.
